Drive AI transformation in your organization

In this course, learners will discover how to lead AI transformation across their organization. They will learn practical strategies to identify high-impact AI opportunities, align investments with business goals, and support responsible AI practices. The course emphasizes real-world applications and strategic decision making - no technical expertise required - and is ideal for senior leaders who want to confidently drive AI adoption and innovation.

Course Contents

- Exploring the business benefits of generative AI solutions
- Increasing business value with AI solutions
- Transforming your business with AI

E-Book The original Microsoft courseware is made available to you online.
