ExtremeCloud SD-WAN - Management

This course relies upon the successful completion of the ExtremeCloud™ SD-WAN Installation and Configuration course and related labs. You will build on this SD-WAN configuration to analyze the WAN application traffic flows and their distribution among major site types: Bridge mode, Router mode, Hybrid mode and Remote Visibility & Control (RVC). This lab intensive course will show you how best to visualize applications within and across the network and then classify and control their flows in a meaningful way. This will include defining new applications for the application dictionary and then implementing an SD-WAN policy using new and existing application groups (AGs) and QoS profiles. With a focus on supporting day-to-day operations, you'll develop competencies in using the ExtremeCloud SD-WAN Orchestrator dashboards to recognize and control WAN application flows and generate reports to further visualize your findings.

Course Contents

- ExtremeCloud SD-WAN Management
- Applicative Metrics
- Application Overview Dashboard
- Advanced Reporting & Analysis
- Dynamic WAN Selection (DWS): Visibility

E-Book For this course you will receive the original documentation from Extreme Networks as a PDF file.

Target Group

This course is designed for network administrators and any individual responsible for the configuration and management of the ExtremeCloud SD-WAN solution.

Prerequisites

You should have experience with ExtremeCloud SD-WAN Orchestrator and a solid grasp of the SD-WAN concepts prior to attending the Management class.

The ExtremeCloud SD-WAN Installation and Configuration course is a mandatory prerequisite.

Course Target

Upon completion of this course, students will have gained a working knowledge to:

- manage the ExtremeCloud SD-WAN solution to gain application visibility and control.
- implement the ExtremeCloud SD-WAN services: Application Visibility, Application Control, WAN
Optimization and Dynamic WAN Selection (DWS).
- configure and manage the application dictionary, application groups, and QoS profiles.

This Course in the Web

You can find the up-to-date information and options for ordering under the following link: www.experteach-training.com/go/**ESWM**

Reservation

On our Website, you can reserve a course seat for 7 days free of charge and in an non-committal manner. This can also be done by phone under +49 6074/4868-0.

Guaranteed Course Dates

To ensure reliable planning, we are continuously offering a wide range of guaranteed course dates.

Your Tailor-Made Course!

We can precisely customize this course to your project and the corresponding requirements.

Training		Prices, excl. of V.A.T.
Classes in Germany	**1 Day**	**€ 895**
Online Training	**1 Day**	**€ 895**
Date/course venue	Course language German

Our Training Offer for You:

Classroom Training
The live training experience in our training centers or on your premises on-site.

Online Training
Attend your course in online mode – without travel and accommodation expenses and effort.

Hybrid Training
Classroom & online in one course – choose how you wish to participate in your training event.
In-house Training
We create your customized training concepts for your project.

Guaranteed Course Dates
ExperTeach guaranteed course dates allow for secure and reliable planning.
