

Practical project: Adapting and using the TOGAF® standard

TOGAF® Framework is a globally established framework for the management of complex enterprise architectures. Continuously developed by a global consortium of over 450 organizations, the framework provides a common terminology, concepts and techniques for describing, defining and transforming architectures.

Building on extensive existing TOGAF® EA Practitioner knowledge (Level 2), this training deepens the practical relevance of the recognized EA framework and thus optimally prepares you to introduce TOGAF® in a company or to develop a TOGAF®-compliant enterprise architecture.

This course refers to the latest version - TOGAF® EA Foundation/ Practitioner Training.

Course Contents

- Overview of EAM and TOGAF®/presentation of practical scenario
- Configuration and customization of TOGAF® for the company in the scenario and integration of EAM into the existing company environment
- Architecture development method
- Architecture content
- Architectural capability
- Terminology
- Determination and consolidation of requirements via a stakeholder analysis
- Creation of a strategy-compliant architecture vision
- Survey of the current and definition of the target architecture
- Implementation of migration planning
- Governance of the architecture implementation
- Evaluation of the experience gained and reconfiguration of the architecture organization and the architecture framework

You will receive detailed course documentation and a comprehensive project scenario with sample solutions.

Target Group

This course is aimed at business, technical and IT architects who have the TOGAF® EA-Certified certification and want to deepen the practical relevance of their TOGAF® knowledge.

Prerequisites

The course requires a TOGAF® EA Practitioner certification. Participants are familiar with concepts of enterprise architecture management (in particular TOGAF®) and strategic IT management. They also have practical experience in the application of business and IT frameworks.
