

SS120

SiteScope Essentials

This course provides the technical knowledge and skills needed to manage and monitor an IT infrastructure with the help of the Micro Focus SiteScope product. Students gain practical experience using SiteScope to design and configure an extensive set of monitoring assets, proactive alerts, and reports.

In addition, the course describes best practices and administrative techniques fundamental to the successful use of SiteScope. Participants become familiar with the SiteScope deployment and implementation processes with an emphasis on advanced product administration and configuration skills. The topics included in the course are reinforced through intensive lab exercises and hands-on activities. The hands-on lab exercises use version 2021.05 of SiteScope.

Course Contents

Highlights:

- SiteScope Installation
- SiteScope Configuration
- Advanced deployment and administration

On completion of this course, you should be able to:

- Provide an overview of SiteScope installation.
- Design a scalable and easy-to-manage monitoring strategy.
- Design an efficient alerting mechanism.
- Efficiently configure individual monitoring entities.
- Implement a monitoring system leveraging best practices for grouping and alerting.
- Design enterprise-level reports.
- Apply best practices to SiteScope deployment and management.
- Demonstrate mastery of advanced techniques for monitor configuration, grouping, design, and report and alert generation
- Use templates and repeatable patterns in the creation of groups, monitors, reports, and alerts.
- Demonstrate architectural knowledge of SiteScope.

Target Group

This course is recommended for both new and experienced SiteScope users, system administrators, operations team members, and anyone responsible for the installation and maintenance of critical systems using SiteScope.

Prerequisites

To be successful in this course, you should have the following prerequisites or knowledge:

- Administrative and network experience
- Enterprise applications, such as a database server

Reservation

On our Website, you can reserve a course seat for 7 days free of charge and in a non-committal manner. This can also be done by phone under +49 6074/4868-0.

Guaranteed Course Dates

To ensure reliable planning, we are continuously offering a wide range of guaranteed course dates.

Your Tailor-Made Course!

We can precisely customize this course to your project and the corresponding requirements.

Training	Prices, excl. of V.A.T.	
Classes in Germany	5 Days	€ 4,000
Online Training	5 Days	€ 4,000
Dates upon request		

Status 03/25/2026

Our Training Offer for You:

Classroom Training

The live training experience in our training centers or on your premises on-site.

Online Training

Attend your course in online mode – without travel and accommodation expenses and effort.

Hybrid Training

Classroom & online in one course – choose how you wish to participate in your training event.

In-house Training

We create your customized training concepts for your project.

Guaranteed Course Dates

ExperTeach guaranteed course dates allow for secure and reliable planning.
