

UFT0120

Unified Functional Testing One (UFT One) Essentials

This course provides a comprehensive understanding of how to use the UFT One application as an automated functional testing tool. Beginning with record and playback, participants learn how to create new automated tests. They then explore enhancements, including synchronization, checkpoints, parameterization, reusable actions, function libraries, and shared object repositories. Included is an introduction to UFT One for API testing, which contains an extensible framework for the construction and execution of functional tests of headless systems (systems that do not have a user interface).

Course Contents

- Course Overview
- Software Overview
- Preparing to Record
- Creating a Basic Test
- Working with Objects
- Utilizing a Shared Object Repository
- Adding Synchronization
- Verifying with Standard Checkpoints
- Using Parameters
- Building Multiple Reusable Actions
- Adding Steps without Recording
- Creating Tests on a Web Application
- Testing Web Services with UFT One API
- Using UFT One with API Testing
- Enhancing UFT One API Tests
- Using Artificial Intelligence (AI)
- Significant Checkpoints for GUI Testing
- Object Identification Techniques
- Using Recovery Scenarios
- Using Database Checkpoints

Target Group

Quality Assurance engineers or any new users of UFT One.

Prerequisites

To be successful in this course, you should have the following prerequisites or knowledge:

- Working knowledge of Windows and web browsers
- Experience with programming or scripting languages

This Course in the Web

EXPERTeach

Our Training Offer for You:

Classroom Training

The live training experience in our training centers or on your premises on-site.

Online Training

Attend your course in online mode – without travel and accommodation expenses and effort.

Hybrid Training

Classroom & online in one course – choose how you wish to participate in your training event.

In-house Training

We create your customized training concepts for your project.

Guaranteed Course Dates

ExperTeach guaranteed course dates allow for secure and reliable planning.
