Key Features

Highlighting

- Select the text you wish to highlight and select a highlighter from the list.
- To change the highlighter, click on the highlighted area and select a different highlighter.

Key Features

Notes

- To add a note to the highlighted section, select the highlight and type your note in the box.
- Click on the workbook icon  to access and review your notes and highlights. Selecting a highlight will navigate you to that section of your eBook.

Print Notes & Highlights – Navigate to the workbook panel and click export.

Bookmarking

- Available online, desktop and mobile devices, you can add bookmarks to your eBooks. This will allow you to quickly and easily return to an exact location in your eBook.

Search

- Simply enter a key word in the search panel to search across your book content, figures and your workbook.

Sharing Notes and Highlights

Highlighters can be set to private or public. To edit the privacy setting select the highlighter from the Highlighters tab in the Reader Preferences modal (Aa) and select the appropriate setting.

eTextBooks Ancillary / Resource Material

Within the Online Bookshelf Library view, this icon  below the title of the eTextBook will show a list of resources the publisher of the content has chosen to supply with the eTextBook. The ancillary material can be any format of file and it can be downloaded to your device.

Accessibility

- Read aloud: Bookshelf Online and the native apps have a built-in text to speech function. You can rewind, play, pause and fast-forward.
- Resize text by using the zoom feature under  Aa
- Bookshelf is compatible with popular screen readers including JAWS, NVDA, SuperNova, and more.
