PRO520

Build Effective Dashboards with Cisco AppDynamics

The Build Effective Dashboards with Cisco AppDynamics (PRO520) training will teach you the common dashboard design types and styles as a foundation for designing dashboards in Cisco AppDynamics. You will collect requirements, produce wireframes, and configure dashboards to visualize data for monitoring ease and impact. You will add and configure widgets and data for Custom Dashboards as well as Dash Studio and learn dashboard management functions such as import/export and controlling user access.

Kursinhalt

- Explore all aspects of dashboards including review, use cases, widgets and data, design, and management
- Learn how to present data effectively
- Understand how to use Dash Studio

E-Book Sie erhalten die englischen Original-Unterlagen als Cisco E-Book.

Zielgruppe

- Cisco AppDynamics Users who have some experience with dashboards and need to broaden their dashboard design and configuration skills
- Anyone involved in the Cisco AppDynamics dashboard design, build, and maintenance lifecycle

Voraussetzungen

The skills you are expected to have before attending this training are found in the following Cisco Learning Offerings:

- Introduction to Cisco AppDynamics (APM210)
